- How to Get Involved in Your State's Economic Challenges

The State of K-12 Economic and Financial Education in the U.S.

2014 Survey of the States Top Lines
- Only 17 states require a high school course in economics.
- And only 12 states require a high school course in personal finance.
- Only three states require a personal finance course prior to high school graduation.

Survey Results: Financial Literacy among High School Seniors
- Oldest teens had the highest percentage of students who attended a financial literacy course.

Financial Literacy Survey was conducted by CapitalOne Financial Corporation.

CED New Accreditation Proposed for Fifth Annual Conference

CESE annually proposes improvements to its third annual Financial Literacy and Personal Financial Planning Conference, to be held November 11-12 at the Renaissance Dallas Hotel in Dallas, Texas.

In fact, last year, the CED’s CESE program provided an invaluable opportunity for business owners to learn about best practices financial planning.

Mobile Problem Solver

Mobile Finance Solver is an innovative feature focused on financial coaching, which is designed to help individuals manage their finances better.

The solution was developed to help businesses and individuals make better financial decisions, and it focuses on reducing stress and improving the overall financial well-being of users.

Economic Battlefield Interview with Ari B. Skugge

Tobias, C.F.E. joined the forum in a series of events focusing on leadership and financial planning.

The CED is an association that provides resources and professional development opportunities to finance professionals.
