

TOP 5 REASONS TO PARTICIPATE IN THE NATIONAL ECONOMICS CHALLENGESM

1

BRING NEW STUDENTS TO YOUR CLASSES

The Economics Challenge has been a nice carrot to attract students into the course... [It] is the single most important factor helping me increase the interest in economic education at my school.

– Dick Rankin, Iolani School, Hawaii

2

MAKE LEARNING FUN

I love to see how enthusiastic my kids get about studying economics... Kids love to compete, and in the process...they learn a great deal about economics. It's a way to make learning fun...

– Michelle Foutz, Carmel High School, Indiana

3

PROMOTE ECONOMIC EDUCATION

I have lost track of the number of students who have pursued economic degrees post high school upon participating in the Challenge. In addition, the Challenge has driven me to improve instruction and gain a better understanding of numerous concepts.

– Tom Stockard, Little Falls Community High School, Minnesota

4

PREPARE FOR THE AP ECONOMICS EXAM

The students' AP scores will improve dramatically and they will also be exposed to material for upper level college courses.

– Michael Clark, Bellaire High School, Texas

5

WIN CASH AND PRIZES

The National Finalists will battle it out in May for cash, prizes and bragging rights.

Competitions support different levels of student experience so all high school students can participate. Teams can enter one of two divisions, Adam Smith or David Ricardo, based on a student's course work.

It's easy to get started!
